During the tour, you will visit three stunning islands: **Thursday Island, Horn Island, and Roko Island**. Each island has its own unique charm and offers something different to visitors. Thursday Island is home to a thriving Indigenous community, with a rich history and culture to discover. Horn Island is famous for its World War II history and has a fascinating museum to explore. Finally, Roko Island is a nature lover's paradise, with stunning landscapes and wildlife to admire.

<https://www.rokoislandfishingcharters.com.au/accommodation>

Their **fishing charters** are designed to cater to both beginners and experienced anglers, with expert guides, providing assistance and advice on how to catch various species of fish. The charters include a fully-equipped fishing boat, fishing gear, bait, and refreshments. Depending on the package, the charters may also include meals and accommodation.

Roko Island

<https://www.rokopearls.com.au/>

Located in the Torres Strait, Roko Island is a small privately owned Island by the Tchen Pan family. It is only about 20 minutes boat ride from the Seisia wharf, Cape York and about an hour from Thursday Island.

Roko Island used to be a pearl farm cultivating South Sea pearls. It is now focusing on glamping (glamour camping) accommodations and day tours to the Island to share this little piece of paradise with other people. We also provide fishing charters, land based 4WD activities and other customized boat tours.

During your stay, you may also get the opportunity to buy our pearls. Roko Pearls has been one among a few pearl farms producing White South Sea Pearls directly in the location where the first cultured pearl was born, the Torres Strait in Queensland.
